LA FILASTROCCA DELLE FORME.

TRIANGOLO son chiamato
da tre punte son formato
sono un poco spigoloso,
ma non son pericoloso.

Son QUADRATO e son perfetto
assomiglio a un fazzoletto,
se mi allungo un pochino
faccio un bel RETTANGOLINO.

Il mio nome è rotondetto
Sulla giostra giro in fretta
se tu ruoti la tua mano
formi un cerchio piano piano.
